Date of Broth (if Scottish)

What is your ethnic grope? (Choose ONE section from F to A and then tick ONE box which best describes your ethnic grape.) If you prefer to chews your grape instead that is fine as we do not wish to discriminate on grounds of ability.

A. WHITE

☐ ENGLISH Nb. We were told to include English here despite not wanting too. English Sassenachs.

☐ WELSHISH Nb. We were told to include Welshish here despite not wanting too. Welsh Sassenachs.

☐ SCOTTISH Nb. If you tick this you have made an excellent choice. But we are not biased of course.

☐ IRISHISH – nb if you are Irisish you may wish to check the tipsyish box as well, as it seems you may have been drinking (alcohol for avoidance of doubt)

☐ GYPSYISH – if you are also gypsum these means you can add up. This will be very useful as we struggle to count the times we have balled things up.

☐ TIPSYISH – if you like going to the tip you may wish to tick this
☐ POLISH – if you tick this, this will indicate that you are also tipsyish and may be arrested by the polish (sick).

☐ UNPOLISHED – nb if you are unpolished you will not be very clean, and that might prejudice your application

☐ TYPSYISH/POLISH – nb if you are both of these, then you are a drunken policeman/woman and may be dismissed from the police force. And we have enough drunks already in A & E to cope with.

☐ SHISH – sorry you will have to speak up, we can’t hear you. But if you are deaf this will help with our quota of deaf people whom we will put on reception to make sure we do not discriminate. It also helps to provide us with an excuse for long waiting lists.

B. MIXED OR MULTIPLE ETHNIC GROUPS
☐ ANY MIXED OR MULTIPLE ETHNIC GROUPS (we repeat the heading with the word any in case you are deaf and did not hear us the first time)

C. ASIAN, ASIAN SCOTTISH OR ASIAN BRITISH (OR OTHER COMBINATIONS)
☐ PAKISTANI, PAKISTANI SCOTTISH, SCOTTISH PAKISTANI, PAKISTANI BRITISH OR BRITISH PAKISTANI. (If you are Pakistanlaureli then perhaps you are also hardy which will come in handy as it is very cold in the winter here on the east of Scotland).

☐ INDIAN, INDIAN SCOTTISH, SCOTTISH INDIAN, INDIAN BRITISH OR BRITISH INDIAN (Red Indian please see later. If well-read Indian, Red or otherwise, tick as appropriate).

☐ BANGLADESHI, BANGLADESHI SCOTTISH, SCOTTISH BANGLADESHI, BANGLADESHI BRITISH OR BRITISH BANGLADESHI (If you do not like bangs, but do wish to tick a box, please tick B above instead).
☐ CHINESE, CHINESE SCOTTISH, SCOTTISH CHINESE, CHINESE BRITISH OR BRITISH CHINESE (if you have problems with your knees, but do wish to tick a box, please tick B above instead).

☐ OTHER ASIAN, ASIAN SCOTTISH, SCOTTISH ASIAN, ASIAN BRITISH OR BRITISH ASIAN.

NB. If you are ‘As Ian’ we look favourably on you (without discriminating of course) as Ian is a good Scottish name. We do not hate Ian despite our Logo. That was a spelling mistake in the headed paper we bought at great (taxpayers) expense, and we didn’t want to waste it.

We appreciate that is unusual, but occasionally we make such mistakes. Our Chief Executive has issued a statement in triplicate to justify his/her vast salary, that we are committed to ensuring it does not happen again. Until next time.

D. AFRICAN
☐ AFRICAN, AFRICAN SCOTTISH, SCOTTISH AFRICAN, SCOTTISH BRITISH OR BRITISH SCOTTISH (if you are just plain African, and have just arrived off a plane, please tell us about your experience. It gets boring working in administration and we can’t always be thinking up new ways to annoy the front line staff with needless rules and regulations).

☐ OTHER AFRICAN OR AFRICAN OTHER.
Nb. If you are African’t then you are especially valuable to us. We have our quotas to fill of those who are unable to do their jobs properly, and our priority is to make sure we meet our quotas and not worry about little things such as making sure patients get better quickly.

Not that we see patients on the wards, so we are not too bothered about them. We understand that doctors and nurses do that sort of thing, but we don’t bother talking to them as we know better than they do about forms and quotas.

Ethnicity Form – Produced by Baldmichael Theresoluteprotector’s son for the NHS and any other incompetent organisations. 21st January 2021
E. CARIBBEAN OR BLACK
☐ CARIBBEAN, CARIBBEAN SCOTTISH, SCOTTISH CARIBBEAN, CARIBBEAN BRITISH OR BRITISH CARIBBEAN. NB If you are Carib been, what are you now? If you are Mr Bean please can we have your autograph?

☐ BLACK, BLACK SCOTTISH, SCOTTISH BLACK, BLACK BRITISH OR BRITISH BLACK
Nb. if you are black to black it sounds like you may be an AC/DC song, and songs are unable to apply in this instance for an NHS post.

This may however change in the future if we get desperate to fill positions or the Scottish government/SNP (which is the same thing) decide that songs should not, under any circumstances, including common sense, be discriminated against.

☐ OTHER CARIBBEAN OR BLACK, OR OTHER BLACK OR CARIBBEAN
NB we thought of just putting ‘other’, but that seemed too simple, and anyway our admin staff needed something to do.

OTHER ETHNIC GROUP  NB. We did not put ‘F’ in front of this heading as that might have been construed, construed, thought of as rude.

☐ ARAB, ARAB SCOTTISH, SCOTTISH ARAB, ARAB BRITISH OR BRITISH ARAB.
(If you are Acab we will be quite happy to call you one, but you will have to pay for it yourself. Free cabs are only for patients who have had to wait a long time. Which is why they are patient of course).

☐ OTHER ETHNIC GROUP
If you do not fit into this category please see below.

This space is left deliberately blank because we couldn’t fit the text box in below.
☐ IF YOU WOULD PREFER NOT TO ANSWER PLEASE TICK HERE
 Nb. This is easier for us to understand than if you just don’t send the form in. After all we might lose the form again.

☐ IF YOU DO NOT KNOW YOUR ETHINCITY PLEASE TICK HERE

☐ IF YOU CANNOT READ PLEASE TICK THERE

☐ IF YOU PREFER NOT TO TICK PLEASE CROSS HERE Nb. Don’t forget to look right, then left and right again as we don’t want another casualty in our already overloaded A & E department

P.S. If you have a tic already please use a cross instead.

P.P.S. If you have a tick please look at advice on the internet. Don’t come to A & E as you may well get ticked off by a nurse or doctor for using the service unnecessarily. In any event, you may have to wait 3 hours to be seen and that will tick you off. Or something like that.

P.P.P.S. The GP practice stamp is for the GP to practice on, not you. They have difficulty getting illnesses diagnosed, let alone practicing stamps, so they need all the help they can get.
